

Release Notes

Enhanced First Enrollment Icons

General Overview

The purpose of this task is to update the behavior of "First Enrollment" icons on reports to take into account camp enrollments. Currently, the system only looks at class enrollments when determining whether to display a "First Enrollment" icon.

Under SETTINGS > SETUP > STUDENT SETTINGS > STUDENT OPTIONS, we will also rename the "Show New Enrollment Icon For First Time In Class." option to "Show New Enrollment Icon For First Time In Class./Camp" for consistency.

NOTE: As "Roll Sheets (CLA-4)" and the "First Enrollments Report (CLA-20)" are specific to classes, no updates are being made to these reports.

How will this benefit me?

Updating functionality to take into account every student enrollment when determining which "First Enrollment" icons to display will ensure that your instructors are getting accurate information to be used when addressing new students in their class.

Where will I see these changes?

These changes will only affect specific reports generated from the Office Portal, as well as update the name of one existing setting.

What is being changed/added?

- Under SETTINGS > SETUP > STUDENT SETTINGS > STUDENT OPTIONS, we will also rename the "Show New Enrollment Icon For First Time In Class." option to "Show New Enrollment Icon For First Time In Class./Camp" for consistency.
- We will update the behavior of the following reports to properly detect when a student who is enrolled in camp may meet the requirements for one of the "First Enrollment" icons to be displayed, and then display the icon.
 - Instructor Roster Report (STA-8)
 - Class/Camp Roster Report (STA-9)
 - Camper Information Report (CAM-7)
- Update the legend on the STA-8/STA-9 reports to rename the "First Day in Class" icon to "First Day in Class/Camp."
- Add a legend to the CAM-7 report to reflect the following possible "First Enrollment" icons:
 - First Time In Camp
 - NOTE: As CAM-7 is specific to camps, we will remove the reference to "Class" in the Legend for this icon.
 - First Time Ever
 - First Time At This Location

NOTE: As "Roll Sheets (CLA-4)" and the "First Enrollments Report (CLA-20)" are specific to classes, no updates are being made to these reports.

How does this work with existing settings?

This update changes the name of the SETTINGS > SETUP > STUDENT SETTINGS > STUDENT OPTIONS > "Show New Enrollment Icon For First Time In Class." option to "Show New Enrollment Icon For First Time In Class./Camp" for consistency and updates the behavior on several reports. It does not add or remove any current settings.
